FILED USDC - CLRK DET
2023 SEP 1 PM 1:16

Request to remove attorney Mark H. Magidson,

I filed grievance against Mark malpractice due to his unauthorized, unprofessional, and unethical practice of law to AGC.

Mitch did not bring to the court attention (what he witnessed), and Mark knows my complaint to ARDC against Ramamurthy's false, fabricated malicious prosecutorial misconducts in his response on 04/14/2023 to Ramamurthy's motion on 04/07/2023 to amend my bonds conditions, Judge Victoria Roberts would have known on 04/26/2023 Ramamurthy's reasons behind Ramamurthy's false, malicious designed fabricated accusations of me in his unusual government request from court, and his malicious reasons behind his false, designed fabricated malicious retaliations against me, this indicate Ramamurthy will continue straining in his numerous conspiratorial, malicious prosecutorial misconducts to shield himself from, and against the impacts, and the consequences of his conspiracy, and the consequences of his designed numerous fabricated malicious accusations, and his designed numerous malicious retaliations against me.

In front of judge Stafford on 02/15/2023 Ramamurthy were dishonest, and misled court

When caught, and as a result of that Ramamurthy's conspiracy with the pretrial officer Adam hussey on 02/22/2023 (Mitch witnessed conspiracy call) which it was part of Ramamurthy's designed malicious accusations, and its part of his designed fabricated malicious retaliations against me

Ramamurthy conspiracy is part of his designed malicious accusations, and his malicious retaliations against me, after he was caught in his dishonesty, and misled the court in front of judge Stafford (K.C Johnson has more to say describing such misconducts)
